

Soft comfort all around

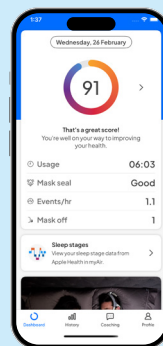

The AirTouch™ F30i Comfort full face mask features a soft, flexible frame wrapped in breathable, moisture-wicking fabric.² It combines innovative AdaptiSeal™ technology within a ComfiSoft™ silicone-coated fabric cushion, surrounding you with comfort at every touchpoint.

Designed to feel like a natural part of your nighttime routine, it's made to feel as soft and familiar as slipping into your favorite pajamas.

Ready to live life in high Res?

It's simple. Better sleep brings your world into focus. Resmed's first fabric-covered full face mask is designed to bring you a more comfortable sleep to adapt to your normal bedtime routine.

Experience the Resmed AirTouch F30i Comfort full face mask today.

Get support in the palm of your hand

From setup videos to sleep score tracking to tailored coaching content,[‡] Resmed myAir™[†] focuses on helping you enjoy the benefits of therapy. It's like having your own personal sleep coach.[‡]

* The mask contains magnets that may interfere with certain implants or medical devices. Please refer to the User Guide for complete labeling information, including magnet contraindications and warnings.

[†] myAir works exclusively with Resmed Air10 and Air11 PAP machines.

[‡] Coaching entails personalized feedback to encourage continuation of therapy. This is not a healthcare service and is not performed by licensed healthcare providers. Patients are encouraged to speak with their treating clinicians for any clinical symptoms or medical conditions.

¹ Resmed conducted an external crossover (or single-arm) study of the AirTouch F30i Comfort mask, using the AirFit F30i as a benchmark. The study involved 33 adults who had been on PAP therapy for OSA (≥ 6 months) and were using other full-face masks, including the AirFit F30i (n=15), AirFit F10 (n=1), AirFit F20 (n=7), AirTouch F20 (n=5), AirFit F30 (n=2), DreamWear Full Face (n=1), Mirage Quattro (n=2), and Quattro Air (n=1). The study took place in Sydney, Australia, from June 22 to July 17, 2023.

² Resmed internal testing for the moisture-wicking properties of fabric, ID: A5498268.

Softness with every touch

The Resmed
AirTouch™ F30i Comfort
full face mask

ComfiSoft™ technology
fuses fabric on silicone
to create a soft and
breathable cushion.

Live life in high Res

Crafted for comfort, engineered for simplicity

The AirTouch F30i Comfort is designed to deliver a soft, barely-there feel that won't interrupt your bedtime routine. The breathable cushion that combines fabric and silicone gently adapts to your face, creating a secure seal that moves with you as you sleep — whether you're on your back, side, or stomach. The flexible frame that comes fully wrapped in fabric offers a soft touch against your skin.

AirTouch F30i Comfort is easy to wear. Magnetic clips* guide the headgear into place with a satisfying click, making setup feel quick and intuitive. When you need a break from therapy, the quick-release elbow and 360° top-of-head connection make it easy to disconnect without removing the mask.

The soft cushion combines breathable fabric with flexible silicone to gently adapt to the face.

- 1 UltraCompact ComfiSoft™ fabric cushion with AdaptiSeal™ technology that gently contours to your face
- 2 Flexible fabric-wrapped frame, designed to be breathable and moisture-wicking to keep your skin feeling cool and fresh
- 3 QuietAir™ venting to help make sleep feel more peaceful for you and your bed partner
- 4 Soft headgear with adjustable sidebands and magnetic clips*
- 5 Top-of-head tube connection and quick-release elbow — with no tubing in front and a 360-degree rotation, you can sleep in any position you want

*"It fits perfectly —
no pressure points,
no rubbing, and it's so soft."*

— AirTouch F30i Comfort user
