"Love the mask"

Raymond B.

***"Excellent Mask,
Very Comfortable"***

Rich H.

***"I fell in love with this
one (SleepWeaver 3D)"***

John B.

***"Best I have used,
works very well and
comfortable."***

Mary Jane S.

A new and more flexible elastic interface material:

This creates our best seal ever on many face types.

New rounded edge straps:

Reduces strap marks.

New wing-shaped stay:

Routes the headgear under the ears, ensuring comfort and a great fit.

Permanent 360° Swivel:

Provides reliable performance for the tubing in any position, including over the headboard.

Nothing Breathes Like Cloth:

Breathable cloth design eliminates fogging common in hard plastic masks. Keeps skin dry and comfortable.

Lightweight:

What could be lighter than a thin piece of cloth?

Accommodates Eye Glasses:

For those who want to read or watch TV while in bed, SleepWeaver 3D allows users to wear eye glasses with the mask on.

The Joy of Soft Cloth:

No one can deny preferring a soft cloth against their face as opposed to rubber, silicone and other gels. Cloth masks eliminate the need for a cushion or nasal pad.
