

Introducing SoClean® 2 Go

The world's first
portable CPAP
sanitizer for travel.

Cleans and sanitizes CPAP mask, hose, and humidifier reservoir using the same proven sanitizing process as the trusted SoClean.

Cleaning your CPAP
on the go just got a
whole lot easier.

The SoClean 2 Go is the perfect travel companion for any CPAP user – so small it can fit easily anywhere while you're on the go. Using the same sanitizing power as the trusted SoClean, the SoClean 2 Go keeps your equipment clean and safe to use even when you're away from home. Simply connect it to your CPAP equipment, place your mask into the sanitizing bag, tighten, and press the button. The SoClean 2 Go is battery operated, allowing for a wire-free, portable experience.
